Apache Felix services auto-generation by Swagger and Retrofit

Vitaly Kiselev

OpenAPI and Swagger specifications

OpenAPI Specification

https://swagger.io/specification/
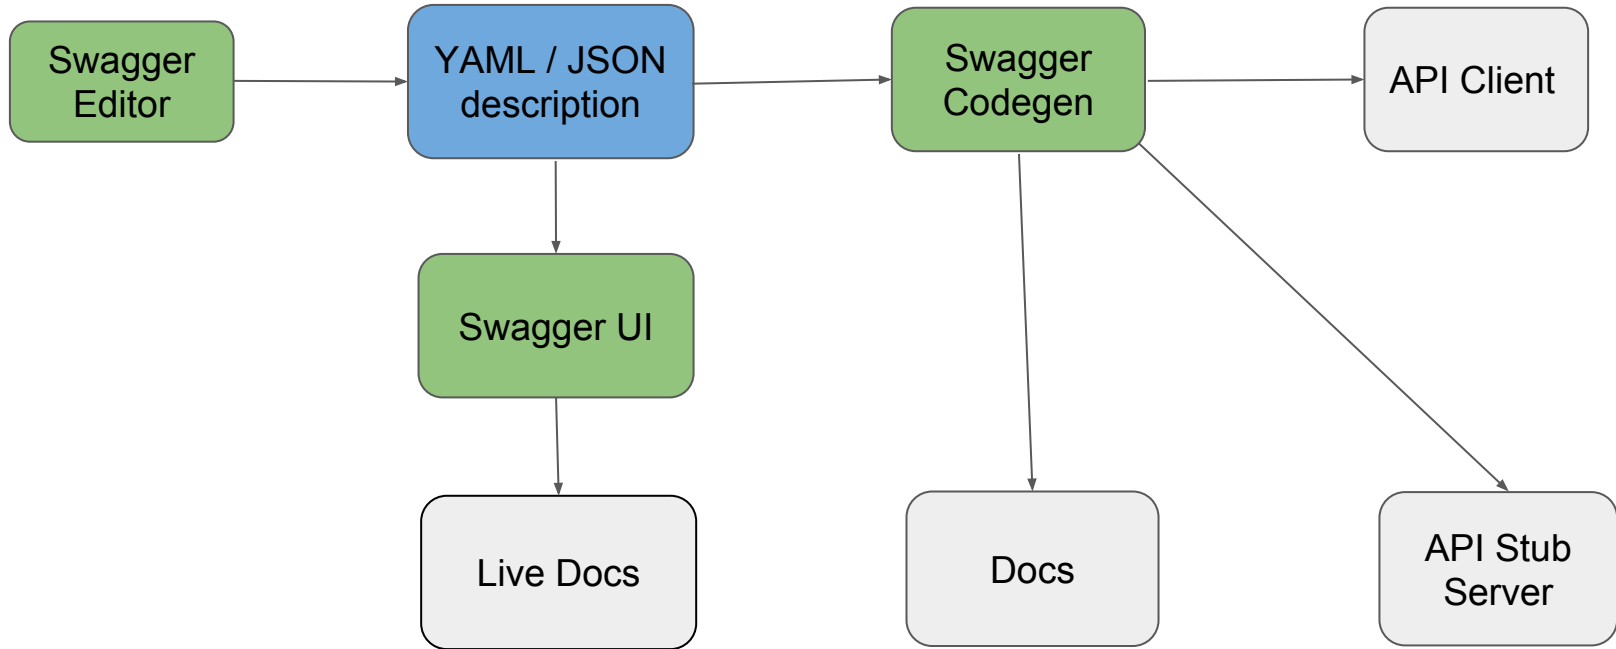

Swagger Specification

https://swagger.io/docs/specification

Swagger tools

https://swagger.io/tools/

- ● Swagger editor
- ● Swagger Codegen
- ● Swagger UI

https://app.swaggerhub.com

- ● Swagger Hub from SmartBear company

Swagger platform

```
Swagger Editor → YAML / JSON description → Swagger Codegen → API Client

YAML / JSON description → Swagger UI → Live Docs

Swagger Codegen → Docs

Swagger Codegen → API Stub Server
```

API client OSGi bundle

| WEB API | API Client | OSGi services impl | OSGi services | Consumer |
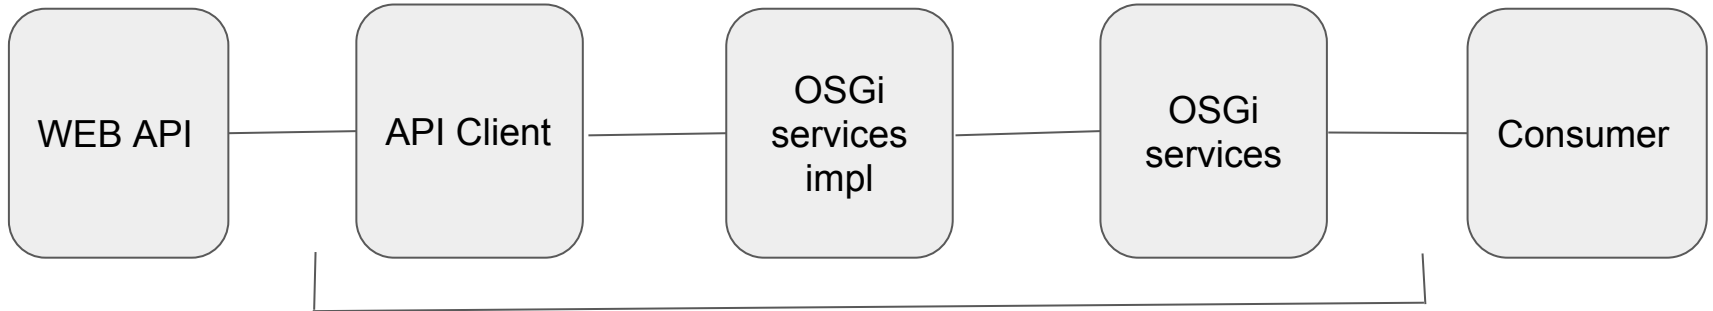

Manual creation

Autogenerated API client OSGi bundle

WEB API	API Client	OSGi services impl	OSGi services	Consumer

Autogeneration by Swagger

Autogeneration by Retrofit
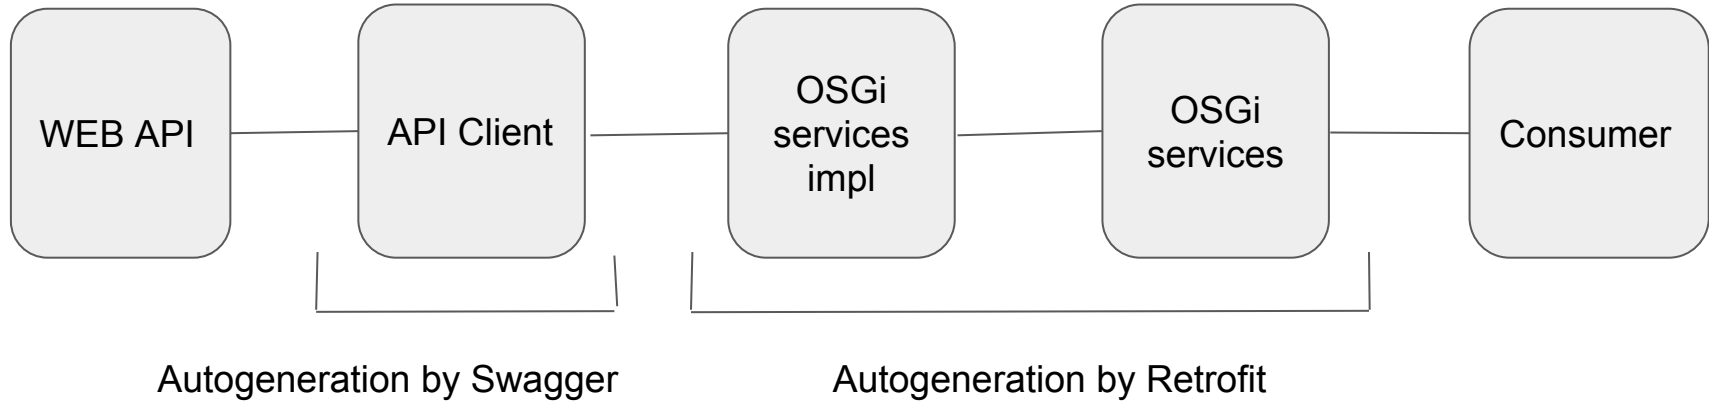

Tools for testing

- Stub Server is generated by Swagger Codegen
- SoapUI from SmartBear company
- Other tests
